FSD #145: Emergency E-Learning Parent & Student Quick Guide

What's Happening?

In case of inclement weather, students and teachers will engage in emergency E-Learning Days. Instead of canceling schools for a "snow day," teachers will meet with students remotely. The basic structure of the day will be 5 hours of synchronous and asynchronous remote learning that follows the regular daily schedule. The purpose of this E-Learning Quick Guide is to provide parents and students with the following basic information and guidelines about the plans for the Emergency E-Learning Days. Please contact your child's teacher or principal with questions.

*All links to Zoom Meetings are in student's Schoology/Padlet/SeeSaw
*Attendance is expected.
*Grades will be given for Academic Practice & Academic Assessments.
* Students may be asked to meet with specialists or in small tutoring groups.
* Learning activities for students in grades K-12 total approximately 5 hours total: 2 ½ hours with teachers & 2 ½ hours independently and/or small groups.
 *Students might require additional time after school hours to complete work.

**The remote school day will follow each building's schedule.
More information will be shared from your child's school and teacher(s).**

Expectations for learners:

➔ Attend Zoom meetings.
➔ Complete and submit all work **daily**.
➔ Reach out to teachers and staff with questions.
➔ Work past school hours to complete work as needed.

Expectations for Caregivers:

➔ Ensure Internet access for students.
➔ Monitor student attendance, logins to meetings, and work completion.
➔ Communicate concerns to teachers and/or related service or support staff.
➔ Reserve a space near the modem while student(s) are in Zoom meetings.

Tech Tips & Support

➔ Limit the # of open tabs on Chromebooks.
➔ Double check login to Zoom BEFORE clicking on Zoom links.
➔ If computer lags, move closer to the modem/router.
➔ Put all unnecessary devices on your WiFi in Airplane mode while students are in Zoom meetings.
➔ Communicate with teacher if experiencing issues.

If you need help with something else, create a ticket &
the tech staff will reach out via email or phone.
