**FHN Miles and Minutes program will be offered again this year running Monday, May 31 and through Sunday, August 29. Log various types of physical activity over the summer**

to support the school system of their choice. Every time a participant enters a contest on the FHN Miles And Minutes Facebook page, their school gets one point in the Sweepstakes competition, and one chance at a prize. A calculator on the Miles and Minutes website, [www.fhn.org/milesandminutes](http://www.fhn.org/milesandminutes), automatically converts minutes of almost any type of physical activity into miles to make it easy to follow the competition, and prizes will be awarded in miles. Participants must register, and all instructions are available on the website. Physical activity needs to be logged within a 2-week timeframe of its completion. Registration begins Monday, May 24th. Participants can watch the FHN Miles And Minutes [Facebook Page](#) for chances to get their school points in a prize drawing at the end of the summer! Grandparents and family members in other states may also participate. Participants must be age 12 or older. Help raise money for our athletic department simply by logging your physical activity! Go Pretzels!
