

E-Learning Template for Teachers

Pre-K

	Math	Reading and Writing	Special Activities
Day 1	Find shapes in the house and talk about them. (circle - clock, square - window, rectangle - doors)	Practice making letters. Use pencil paper, salt, sand, flour, or shaving cream.	Play a board game. Be sure to encourage turn-taking.
Day 2	Practice counting using items in the house (toys, silverware, buttons, blocks) Point to each item as you go.	Read a story to your child. Point to pictures and letters in the book.	Play music and have a dance party!
Day 3	Sort items in the house. (silverware, laundry) -by color, size, shape	Look out your window and draw what you see. (write what your child drew)	Play follow the leader. Have your child follow you around doing the same things you are (hopping, crawling, etc) Then switch! You follow your child.
Day 4	Practice counting. Count to 10 for 3 year olds and count to 20 for 4 year olds.	Read a story to your child retell the story. (characters, events)	Put puzzles together. (use a food box to make a puzzle)
Day 5	Patterning - look for simple patterns around the house. (clothing, furniture, etc.)	Practice writing letters in their name. (begin with a capital and the rest lowercase)	Play Simon Says
Day 6	Measuring - Have your child help you cook today!	Draw a picture from the favorite part of a book you have read.	Do animal movements. (bear crawl, crab walk, hop like a bunny, etc.)

Every Day: Read with your child for 10 minutes. Ask them 3 questions about what you read.
